Internship Software Development (m/f/d)

Immediately / upon consultation

Full time

ABOUT US

We help our customers optimize their product portfolios and -prices, which significantly increases their profitability. Our SaaS solution precisely predicts customers' purchasing decisions by using artificial intelligence and behavioral economics. We have developed the most advanced pricing solution in the market. We received pre-seed funding in 2019, and we already have several large enterprise customers from telecommunications, consumer goods, insurance, and software who use our solution to optimize their pricing and product portfolio. With established product-market fit, we now want to build the team that takes buynomics to the next level and accelerates our growth in our target industries.

We are data-driven and results-oriented. We encourage transparent communication and personal growth. We create a modern and dynamic working environment with flat hierarchies assuring your direct impact. We are the pricing strategy of tomorrow. We are buynomics.

Are you identifying yourself with these values and are you looking for a steep learning curve in software development? Then join the buynomics team and become part of our success story!

YOUR TASKS

As a part of the buynomics team you will help developing our software, such as backend or frontend applications, the implementation of new functions and the project- specific adjustment of processes for our clients. You will be actively involved in every internal procedure and closely work together with the whole team to gain new professional skills within the industry.

YOUR PROFILE

- Eagerness to learn and have impact from "Day 1"
- Study of computer science, business informatics or a related topic
- Already experiences with backend or frontend applications
- Awareness of the common programming languages and database systems like AWS JavaScript, HTML, CSS, Python, React, ArangoDB, MondoDB, React.js
- Conceptual and analytical mindset, fast comprehension

- Team player with a high level of personal initiative
- Fluency in English (German is helpful)

BENEFITS

- A unique opportunity to have a direct impact in a highly innovative technology company and gain a valuable set of skills
- Steep learning curve in the field of computer science
- Deep insights in various sectors of this specific industry
- Responsibility right from the start and enormous growth potential within the company and beyond an initial role
- Competitive compensation

Do you want to become a key part of the buynomics growth story and help us build a true champion in a fast-growing industry?

Please send your application incl. CV, cover letter and certificates to sherin.leisgen@buynomics.com.
